

Leading the Way Implementing High Quality Infant Toddler Care

Cost: FREE

Date: Oct. 12

Time: 6:30-8:30 pm

Contact hours: 2

Online Event

Required training paperwork and a link to access the training via Zoom will be sent to registered participants through email the week of the training event.

Please provide individual emails for each participant.

Participants **MUST** register in order to participate and receive a training certificate

To Register:

Please send your registration forms with a valid email address for each participant to Susan Helsabeck at shelsabeck@randolphkids.org.
Deadline to register is October 9th.

No matter what our role is in child care, we share a common goal: to provide quality group care for infants and toddlers. But what does that look like? In this training, we will discuss evidence-based practices and policies that support the high-quality infant toddler care we strive to provide. As we discuss quality infant-toddler care practices and how different programs approach implementing these practices, we'll reveal the benefits for children and their caregivers. We will look at six essential program policies that support relationship-based strategies in child care and examine your beliefs and philosophy as they relate to evidence-based quality group care.
