4/4/22

Discover and Explore STEM!

STEM.....Science, Technology, Engineering and Math activities will engage our youth and allow for exploration of the world around them. This training session will provide simple hands-on activities to get youth thinking about STEM. Participants will walk through the activities and will receive resources to help them implement what they have learned with students.

4/14/22

What Every Baby Needs

Infancy is an amazing time for babies. It might appear that all they do is cry, eat, sleep, and require frequent diaper changes, but there is so much more happening. Babies learn they will be fed when they are hungry and comforted when they are tired. They make discoveries about how the world works through their play experiences with simple toys. Understanding what every baby needs during the early years will help set the stage for lifelong learning and development. This training will explore how to provide respectful and responsive care that will help shape the infant's brain and capacity to learn. Participants will learn about age appropriate toys that stimulate learning for infants and how their freedom to move impacts their motor development.

4/21 /22

ITERS-R

Learning the scale for the big day is one thing, but maintaining that high level of quality for every other day is what it's really about! Participants will break down the Infant Toddler Environment Rating Scale into manageable parts, while discussing scoring, indicators, and rating scale terminology. Participants will have opportunities to ask questions and get ready to return to their programs more confident and informed about the ITERS-R.

4/25/22

Special Health Care Needs

This intensive target training session will focus on the special health care needs of young children, how to provide general care, understanding your role in the child's care and how to follow Medical Action Plans.

5/3/22

It's SIDS

This workshop addresses safe sleep practices and ways to reduce the risk of SIDS; including information on the NC Law regarding safe sleep practices in child care programs. This training meets the licensing requirement for training on SIDS. (Max # - 25 participants)
Masks Required for this Workshop

5/17/22

ECERS-R

Do you want to be ECERS-R ready every day of the year? Tired of feeling anxious when assessment time arrives? Come be a part of this workshop and learn how you can have a successful Early Childhood Environment Rating Scale Assessment to provide high quality care year-round to the children in your classroom.

5/24/22

Making the Move...to Kindergarten!

Is it time for your preschoolers to make the move to Kindergarten? Are they ready? What do they really need to know? In this workshop, we will dig into skills children should master before the transition to Kindergarten. Workshop participants will leave with resources for preparing both children and families to "make the move".

5/26/22

Causes of Misbehavior

Why do some children come to depend on challenging behaviors while others discover better, more effective ways to get what they want? Generally, children use negative behavior when they lack the skills that would help them meet their needs. Teachers who take time to assess the reason for misbehavior are better able to teach children new social-emotional skills. This session focuses on the common reasons that children misbehave, a crucial first step in determining how to prevent and reduce challenging behaviors.

6/7/22

Outdoor Learning Environments

Are you interested in creating a natural outdoor learning environment or OLE, but you don't know where to start? If so, this session is just for you! Join us as we dig into what it takes to create a personalized natural learning environment! During the session we will discuss the effects of OLE's on the development of young children, components found in high quality natural learning environments and easy steps to take to jump start the process!

6/14/22

Allergies

This training session will focus on allergies, emergency medications, uses, and medical care plans. Session will include discussing laws, best practices and licensing rules regarding caring for children with allergies..

6/21/22

Transition Magician: Turning Chaos Into Magic

Do you find yourself dreading transitioning from one activity or routine to the next in your early childhood classroom? Did you know that the way you manage transitions with children sets the tone for the entire day? Come learn how to become a "transition magician" and make those moments magical.

6/30/22

Supporting Developmental Monitoring and Screening in Early Care and Education Settings

We know that monitoring and screening in early childhood, early care, and education settings is critical to identifying children at risk for developmental delays. What is less known is how programs use developmental monitoring and screening tools and ways caregivers talk with families about their children's growth and development. This training will help participants understand the differences in developmental monitoring and screening and why they are so important to children and families. Participants will learn how they can track and celebrate children's milestones and strategies for collaborating with families on supporting children's healthy growth. You can play an essential role in our state's early intervention efforts.

RCPC's Early Education Services Workshop Registration Policies

Pre-registration by the published deadline is required for all Early Education Services (EES) workshops whether there is a fee or not. We suggest that you call our office to ensure that enough spaces are available in the workshop that you would like to attend prior to sending payment. **Spots cannot be reserved without payment. Therefore, your registration is not confirmed until payment is received.** There are several options for registering for workshops:

- Call Cynthia Langston at 342-9676 ext. 201 to pay with a credit card.
- Fax in the registration form with credit card payment information to 342-9962.
- Payment of either cash, check, or money order may be left in the secured drop box by the front door. Our office address is 7572 NC Hwy 87, Reidsville, NC. RCPC is not able to keep cash on hand so you must provide correct change when cash is used to pay for workshops.
- Mail this registration form along with check, money order, or credit card payment information to:

RCPC

Attn: Workshop Registration

P. O. Box 325

Wentworth, NC 27375

Returned Checks - In the event a check is returned for insufficient funds, RCPC will charge a return-check fee based on the fee charged to RCPC by the bank. This fee and the check amount must then be paid in cash or with a money order. No further checks will be accepted from the individual or business until the charges have cleared.

Registration Deadlines - Training registration deadlines are one week prior to the workshop unless otherwise noted. Payment must be received by 5:00 pm on the deadline. Registrations will not be accepted after the deadline. The minimum number of participants required to hold a workshop is typically 1/2 of the maximum capacity. If registration does not meet this requirement by the deadline, the workshop may be cancelled and credit for a future workshop will be issued to those registered.

Training Credit Vouchers – If using a training credit voucher, the original voucher must be presented at the time of registration. Vouchers can be hand delivered or mailed to RCPC. Faxed copies of vouchers cannot be accepted. Vouchers will not be accepted after their expiration date. Facilities are welcome to use the voucher towards any staff members' registration.

Waiting List - If a workshop is full prior to the registration deadline, a waiting list will be created. If cancellations are made, we will contact individuals on the waiting list in the order their registrations were received to offer a slot in the workshop. Anyone enrolled in a workshop from the waiting list will have 24 hours to pay the registration fee to confirm their space.

Registration Cancellations - Individuals who are registered for workshops and need to cancel their registration must call our office by 12:00 pm on the day of the training in order to receive a credit for future workshops. No refunds will be given.

Attendance – Masks will be **optional** for participants attending in-person workshops if social distancing can be maintained at training venue. For smaller training venues, masks will be **required** if social distancing cannot be maintained. This information will be notated on training calendar for those workshops. To maintain the health and safety of all attendees, basic COVID screening questions will be asked upon participant sign in. Other COVID safety protocols may be incorporated if deemed necessary by RCPC staff.

Late Arrivals – Participants arriving more than 15 minutes late or leaving more than 15 minutes early will not be given credit. This applies for both Face to Face and Virtual workshops. Your active participation in the LIVE Zoom sessions will be required. Plan to log on a few minutes prior to the workshop's start time to allow time for participant check-in.

Materials Given - On occasion, professional resources or classroom materials may be given to participants as door prizes or as a part of participation in the session. It is the perspective of the Early Education Services (EES) that the materials should belong to the person or organization that paid the registration fee. In the event that the facility paid the fee, the materials should be made readily available for use by the staff person(s) who attended the session.

Certificates - Always keep a copy of your certificates for your own records in addition to giving one to your employer. There will be a \$5 fee for RCPC staff to provide a replacement certificate for trainings attended within the last year only.

Inclement Weather – If Rockingham County Schools are closed due to inclement weather on the same day that a workshop is scheduled, the workshop will be postponed and rescheduled later.
